## Elite Travel & Associates featured in Spark Business from Capital One "I am Small Business Proud Campaign".

Last Saturday Susan Reinkens, Owner of Elite Travel & Associates in Kennewick, met with Trisha Dalton and John Sears, filmmakers from Capital One. In 67 days they drove almost 9,000 miles touring the county meeting 169 small business owners who embody their vision of 'Small business Proud'.

"It was a great experience" said Susan, "The came into the office and we talked about how I started my travel agency." Susan a travel agent for 13 years, opened her brick and mortar travel agency two years ago. A self-described rebel she opened her agency when others were scaling back or even closing, she was determined to succeed and she has. "It's all about customer service, rather than selling what's in my best interest I give the clients what they want. When they are happy they come back again and again."
